MEMORANDUM FOR THE RECORD

25X1 FROM: [REDACTED] (C)
Chief, Policy and Plans Group
Office of Security

SUBJECT: Further Suggested Changes to E.O. 12036

REFERENCE: Memorandum from OGC, dated 14 May 1981, same
Subject (OGC 81-03997)

25X1 On 15 May 1981, I advised [REDACTED] OGC, that, from the Directorate for Administration's point of view, we had no objection to any of the positions taken by him in the Referenced memorandum. I did state, however, that we would incline towards an even more negative position on DOD's proposed addition to Section 1-301(o). He agreed that it represents an effort, almost establishing an obligation, to set up a rival NFAC within DIA but the Agency was somewhat pre-exempted by the DCI's remarks to the U.S. Chamber of Commerce on 28 April 1981, apparently supporting such a concept. [REDACTED] said, however, that the DCI's emphasis on the need to weigh all opposing views was not quite the clarion call for setting up a rival NFAC that DOD's revision entails.
